CALIFORNIA REGIONAL URBAN SEARCH AND RESCUE RESPONSE SYSTEM

California Region One
Urban Search and Rescue
Regional Task Force 4

TASK FORCE LEADER POSITION DESCRIPTION
GENERAL REQUIREMENTS

1. Must be able to meet the physical requirements of the sponsoring agency with or without accommodations.
2. Must be available on short notice to mobilize within 45 minutes of request and be self-sufficient for at least 72 hours for a response assignment of up to 10 days in austere environments.
3. Must be capable of improvising and functioning for long hours under adverse conditions.
4. Must maintain current inoculations for Diphtheria/Tetanus (or Tetanus only if there is a contra-indication to Diphtheria), Hepatitis A & B, Measles/Mumps/Rubella (if born after 1957), and Polio.
5. Must be able to function safely at heights and on or around rubble.
6. Must be aware of the signs, symptoms and corrective measures of critical incident stress syndrome.
7. Must understand and adhere to safe working practices and procedures as required in the urban disaster environment.
8. Must have a working knowledge of the California’s US&R Response System, organizational structure, operating procedures, safety practices, terminology, knowledge of all task force equipment, and communications protocols.
9. Must have successfully completed the First Responder Operational Level for Hazardous Materials
10. Must be currently certified in Cardiopulmonary Resuscitation - Basic Life Support.
11. Must have a working knowledge of the Incident Command System including successful completion of the ICS-100, ICS-200, ICS-300, ICS-400, IS-700 and IS-800.
12. Successful completion of Respiratory Protection training and fit test per 29 CFR 1910.134
13. Successful completion of AWR-160 or CFFJAC Terrorism Awareness training
14. Successful completion of Awareness Level training per NFPA 1670 including: Water Rescue Operations
15. Successful completion of Operational Level training;
   - Rescue Systems One
   - Rescue System Two
   - Confine Space Operational
   - Trench Rescue
16. Successful completion of FEMA US&R Task Force Leader course
17. Must understand the needs of and provide support to their counterparts within the task force for specific operations, techniques and application of tools and equipment.
18. Must possess training and experience in personal safety in US&R environments.
19. The authority having jurisdiction shall assure that the individual meets or exceeds the required knowledge, skills, and abilities (KSA’s).
POSITION SPECIFIC REQUIREMENTS

TASK FORCE LEADER

The Task Force Leader is responsible for managing all aspects of a mission including operational and administrative issues from the
time of activation through the return to the home jurisdiction. This includes all personnel and equipment resources as well as
overseeing and directly supervising the task force management. The TFL is responsible for the development and completion of all task
force tactical objectives as well as the proper reporting, record keeping, and after-action requirements. The TFL reports directly to:

- Incident Commander
- The Incident Support Team (IST) Leader at a mission location.
- Operation Chief / Division Group Supervisor

DESCRIPTION OF DUTIES

The Task Force Leader is responsible for:

- Developing and implementing the Task Force Tactical Plan
- Addressing the coordination, management, and supervision of all task force activities
- Supervising the following positions:
  - Search Team Manager
  - Rescue Team Manager
  - Medical Team
  - Equipment Specialist
  - Hazardous Materials Team
  - Assistant Safety Officer
- Ensuring the development of all task force organizational and logistical needs
- Interacting with the IST Leader and his/her designee for coordination of all task force activities and support requirements
- Receiving briefings and ensuring that all task force personnel are kept informed of mission objectives and status changes
- Providing regular situation reports to the IST
- Providing regular reports to the Area “C” Chief through Verdugo Dispatch.
- Performing additional tasks and duties, as assigned during a mission
- Adhering to all safety procedures
- Ensuring the completion of all the required reports and maintenance of records
- Ensuring incident stress management activities are planned and conducted
- Ensuring resource acquisitions are properly processed
- Preparing performance evaluations ICS #226 for assigned personnel
- Manage all demobilization and return to readiness issues

POSITION REQUIREMENTS AND CRITERIA

Individuals who meet the following requirements and criteria will be eligible to become Task Force Leaders following the Area “C”
CICCS Strike Team Leader Qualifications. The intent of these requirements is to select functional managers capable of effectively
managing and supervising all aspect of the task force in the urban disaster environment. Task Force Leaders will be selected in
the following order of qualifications:

1. Strike Team Leader (CICCS) qualified, FEMA US&R Task Force Certified, four core course
2. Strike Team Leader (CICCS) qualified, four core classes
3. Strike Team Leader (CICCS) qualified with an assistant who has completed the FEMA US&R Task Force leader’s course, has the four core courses but is not a Battalion Chief or above.

If the above cannot be accomplished Verdugo will contact the Task Force 4 Program Manager for direction. Every effort will be made to replace the TFL who does not meet #1 as soon as possible.

The requirements and criteria for the position are identified in the following categories:

- **KNOWLEDGE**
- **SKILLS**
- **ABILITIES**

**KNOWLEDGE**

The Task Force Leader must have:
- A comprehensive knowledge of the current NIMS/ICS; California’s US&R Response System, its organizational structure, operating procedures, safety practices, terminology, and communications protocols
- A comprehensive knowledge of the task force functions, and urban search and rescue operations, tactics, strategy, and safety considerations
- An understanding of other disaster response organizations and resources
- Knowledge of the practical application of available technology used to support US&R missions and objectives
- Completed the California OES / FEMA’s Task Force Leaders’ course depending on course availability.
- An awareness of the hazards associated with various disaster environments and the measures necessary to protect task force personnel while operating in that environment
- A knowledge of supervisory and personnel management techniques

**SKILLS**

The Task Force Leader must:
- Be competent in the development and use of integrated action planning concepts and processes
- Be competent in emergency incident management
- Be competent at developing and maintaining interpersonal relations
- Possess the interpersonal skills to manage the assigned personnel and lead the task force to the accomplishment of the stated mission objectives

**ABILITIES**

The Task Force Leader must:
- Be capable of effectively coordinating and directing multiple functions of the Task Force during mission assignment
- Be able to be flexible, to improvise, to share information, resolve conflicts, and solve problems
- Be able to effectively communicate orally and in writing
- Have the ability to follow directions and carry out assigned duties without supervision
- Have the ability to lead in a stressful disaster environment with limited resources

**GENERAL OPERATIONAL CHECKLIST**

**UPON ACTIVATION / AT TASK FORCE ASSEMBLY POINT**

- Receive notification of assignment and instructions from the initiating organization
California Regional Urban Search and Rescue
Task Force Position Description
Task Force Leader

- Establish communications with the appropriate supervisor
- Monitor mission-related information from local sources such as radio and television
- Review the personal equipment checklist
- Ensure that you have personal gear, ear, plugs, and warm clothes
- Report to the assigned Assembly Point at the prescribed time
- Insure that all Responder Information Sheets (RIS) have been collected and secured in case of an emergency
- Ensure that you receive any appropriate issue of gear (radio, functional vest, etc.) pertinent to the position
- Participate in task force briefings and meetings as requested
- Carry out assignments as directed
- Must not be under the influence of illegal substances or alcohol for the duration of the deployment

**AT POINT OF DEPARTURE (POD)**

- Participate in task force briefings and meetings as requested
- Carry out assignments as directed

**IN TRANSIT**

- Review the US&R Field Operations Guide for information pertinent to your position description, operational checklist, operational procedures, and safety procedures.
- Area “C”s Regional US&R Task Force will travel using an assigned common radio channel (“FDUMA” is usually the first choice). Request from Verdugo prior to departure.
- Monitor mission-related information from local sources such as radio and television.
- Review disaster related information, as it becomes available.
- Take advantage of available travel time for rest prior to arrival.
- Carry out assignments as directed.

**ARRIVAL AT MOBILIZATION CENTER**

- Participate in task force briefings and meetings as requested.
- Carry out assignments as directed.

**ON-SITE OPERATIONS**

- Ensure your physical readiness through proper nutrition, water intake, rest, and stress control techniques.
- Participate in the task force daily briefings and meetings as requested.
- Ensure use of all safety practices and procedures.
- Ensure proper equipment needs are met and equipment is operational prior to each work period.
- Carry out assignments as directed.
- Report any signs/symptoms of incident stress, injury, fatigue, or illness in yourself/coworkers to your immediate supervisor.
- Brief your shift replacement fully on all ongoing operations when relieved at work cycle rotations.
- Prepare appropriate reports (i.e. Unit Logs ICS-214, ICS-226 etc.).

**REASSIGNMENT/DEMOBILIZATION**

- Participate in the task force daily briefings and meetings as requested.
- Prepare personal belongings for demobilization.
• Carry out assignments as directed.
• Ensure the return of all items issued to you during the mobilization phase.
• Upon return, participate in the task force mission critique and incident stress management activities.
• Submit comments to your supervisor for inclusion in the after-action reports. This should include reviewing pertinent position descriptions, operational checklists, and procedures for recommended changes.

POSITION SPECIFIC OPERATIONAL CHECKLIST

TASK FORCE LEADER

The purpose of this checklist is to define the duties and responsibilities of the TFL during a mission assignment. The list is intended to be a general summary of actions. It should be understood that:

• Some required actions might not be listed, but must be identified and assumed by this position.
• Some actions may be the primary responsibility of another Task Force position, but may require assistance and coordination from this position.
• The actions are listed in a general chronological order, but may require deviation.

UPON ACTIVATION/AT TASK FORCE ASSEMBLY POINT:

• Confirm the assignment
• Obtain instructions from initiating organization
• Obtain 24-hour contact numbers
• Review the sponsoring organization's mobilization guidelines
• Coordinate activities of the task force during activation to include:
  - Assess task force readiness
  - Receive approval to mobilize
  - Advise Verdugo, Region One and OES of the ability to accept the mission
  - Select Task Force personnel per the Area "C" Unified Response sign up sheet.
  - The Task Force Leader will also need to meet the Area C CICCS Task Force Leader requirement.
  - Advise State and local officials if appropriate
  - Establish communications with the selected task force management personnel
• Provide an initial briefing and work assignments, to include:
  - Selecting and assembling task force personnel
  - Assembling all elements of the equipment cache
  - Ensuring for the arrangement of meals and transportation
  - Determining the transportation mode to the mobilization center
  - Coordinating with logistics for transportation needs upon arrival at the mobilization center;
• Obtain information on site conditions, prevailing environmental issues, and necessary resource requirements from the IST
• Develop rosters and plans for reconnaissance and advance teams
• Coordinate activities of the task force during activation and mobilization to include establishing contact with officials at the assigned POD and
• If possible, send an advance team to the POD for coordination and communication
• Meet with assigned team managers and ensure that their personnel are prepared, self-sufficient, and adequately equipped to perform their assignment
• Assemble task force personnel and ensure that all personnel are properly processed for mission response

8/23/2015
• Ensure that all task force personnel have forwarded up to date and accurate Responder Information Sheets to the Task Force Leader
• Ensure all personnel have all assigned and required equipment
• Ensure that all personnel receive appropriate “issue on deployment” equipment and consumables (portable radio, functional vest, water and MREs)
• Determine the specific personal gear and equipment cache required for the specific disaster area climate and location
• Review pertinent equipment cache readiness status
• Identify and initiate logistical requirements for assigned personnel and equipment
• Institute emergency acquisitions as authorized in the activation order
• Ensure that assigned team managers are adequately briefed on and understand the following:
  - Individual, team, and Task Force performance expectations
  - Task Force problem solving processes
  - Methods for establishing and changing Task Force priorities
• Ensure an initial Task Force briefing to all personnel is conducted and to include:
  - Task Force organizational structure
  - Chain of command
  - Latest event information
  - Environmental conditions
  - Media issues and procedures
  - Safety and health Issues
  - Communications procedures
  - Other information provided by the specific task force specialists
  - Code of conduct
  - Distribution of the operational checklists
• If military aircraft are used, ensure completion of DOD Flight Manifest
• Ensure mechanisms are in place for the sponsoring agency to be kept updated on the task force’s activity and well being
• Ensure family support mechanisms are in place and activated for deployed task Force members

AT POINT OF DEPARTURE
• Ensure an appropriate safety briefing is made prior to transport
• Safety Officer monitors standards for safe operations

IN TRANSIT
• Discuss and coordinate anticipated logistical requirements with the team managers prior to arrival at the mobilization center
• Maintain contact with Area “C” Chief’s thru Verdugo

ARRIVAL AT MOBILIZATION CENTER
• Meet with the IST or the appropriate officials at the Incident and receive a briefing and task force assignment
• Brief team managers and introduce the IST or facility’s representative and local authority
• Ensure priority movement of personnel and equipment is identified
• Ensure that personnel are assigned as appropriate to assist with the equipment in accordance with the task force’s plan
• Ensure that an assessment of available resources to support the task force operations is conducted
• If necessary, deploy an advance team with the IST to assess an appropriate site for locating the Base of Operation (B.O.O.)
• Ensure security provision for personnel and equipment are arranged
• Assemble all personnel for a mission briefing with the assigned information to include:
  - Assignment
ON-SITE OPERATIONS

- Contact local authority/IST and receive a briefing to include:
  - Incident situation report
  - Task Force objectives
  - Tactical assignments
  - Task Force support layout and requirements (B.O.O.)
  - Communications plan, frequencies, and radio designations
  - Review emergency signaling and evacuation procedures
  - Review medical treatment and evacuation procedures
  - Review process for ordering supplies and equipment
  - Local and site hazards and personal safety precautions
- In the absence of an IST, provide a Region One US&R Task Force 4 Fact Sheet to local officials identifying task force capabilities, requirements, etc.
- Identify local and IST task force reporting requirements to include:
  - To whom
  - Type of information to be reported
  - Reporting schedule
  - Means of reporting
- Identify Task Force support requirements and request/ordering process with the IST:
  - Provisions (food, water, etc.)
  - Heavy equipment (cranes, bulldozers, etc.)
  - Support personnel
- Assess initial Task Force strategic considerations:
  - Structural triage
  - Building marking
  - Reconnaissance activities
  - Equipment cache set up
  - Rescue operations
- Deploy one or two reconnaissance teams as soon as possible, if required. An option may be to send the Recon Team(s) out ahead of the Task Force to start to work.
- Ensure a Task Force B.O.O. is established in an appropriate location in accordance with the task force Base of Operations Location Checklist, to include:
  - Task Force Command Post
  - Medical treatment area
  - Personnel and canine shelters
  - Equipment cache
  - Food preparation/feeding area
  - Latrine/sanitation area
- Develop operational priorities based on the plans and recommendations from each task force functional section;
- Ensure team managers develop a process to determine an overall operational assessment process that includes:
Task Force Leader

- Functional requirements and immediate needs
- Work schedules for extended operations
- Rest and rotation periods for personnel
- Adequacy of support facilities

- Participate in planning meetings and operational briefings with the IST
- Ensure regular progress reports are forwarded to the IST Planning Section on accomplishments or conflicts
- Identify the completion of assignments and availability of resources
- Evaluate the capacity of assigned resources to complete the assignment.
- Order additional resources if needed
- Ensure that sufficient resources are assigned to assist the Equipment Specialist with the unloading, sorting, and set up of the equipment cache and Task Force support facilities
- Ensure that the Medical Specialists, in conjunction with the IST Medical Unit Leader, obtains a general health and medical situation assessment and locates available resources.
  - Convey medical capabilities and limitations to local official(s) (use the Task Force Medical Team Fact Sheet), indicating the need for additional resources or specialized medical capabilities.
  - Pertinent incident medical planning information should be passed on, through the chain of command, to Local and State, officials
- Ensure that the Medical Specialist provides guidance to task force members on health maintenance matters
- Ensure that all task force team managers and positions are identified by vests or name tags
- Monitor on-site coordination between the functions within the task force, other task forces, local officials, and the IST.
- Ensure that the Medical Specialist establishes liaison with local EMS personnel and support agencies to define plausible medical support, means of patient evacuation, and communications within the ongoing medical system.
- Define:
  - Means for Medevac of an injured task force member with the IST
  - Issues related to death of a Task Force member (personal effects, transport, reports, coroner’s requirements etc.)
- Evaluate Task Force operations performance in meeting established objectives to include:
  - Effectiveness of overall strategy and tactics
  - Assessment of equipment shortages and needs
  - Ensure the health and welfare needs of personnel including the need to drink fluids, eat food, and take rest periods
  - Assessment of fatigue in personnel
  - Assessment of signs of and extended incident stress in personnel
  - Ensure adherence to established procedures
- Conduct regular task force meetings and daily briefings
- Resolve any coordination, communications, and personnel problems with the task force
- Brief your replacement fully on all ongoing operations when relieved at work cycle rotations
- Ensure off-going task force managers are debriefed at each operational cycle
- Coordinate with local officials to obtain pertinent information.
- Identify communications means for contact with sponsoring organization on a periodic basis

**REASSIGNMENT/DEMOBILIZATION**

- Assess the suitability of task force for reassignment and advise the IST if required
- Brief personnel on mission status, reassignment, and demobilization determinations
- Ensure that personnel are assigned to assist with the break down and policing of the task force operational area and the B.O.O.
- Ensure the return of B.O.O. site to at least its original condition
- Inform the Area "C" Chiefs, Verdugo Dispatch, Region One and OES of the task force’s status
- Ensure that all tools and equipment are inventoried, returned to the cache and prepared for movement
- Maintain contact with the IST and provide a status report on reassignment or demobilization
- Ensure that all operational losses and maintenance requirements of tools and equipment are documented
- Ensure that personnel are assigned to assist with the movement and loading of the equipment cache
- Ensure that all task force members have input in the task force mission critique
- Submit replacement, reimbursement requests and related receipts to the local agency and OES thru the chain of command
- Conduct a task force post-incident team meeting
- All accomplishments or conflicts should be identified and highlighted for all task force members
- Ensure stress management activities are conducted
- Ensure a Task Force After-Action Report is completed and forwarded to Area "C" Chiefs and OES
